

## Welcome to the Derbyshire Dales Community Champion Update

Our next forum is on Friday 23<sup>rd</sup> July at 10.00am and is an opportunity for you to share your thoughts, concerns and experiences. Email [Rachel@ddcvs.org.uk](mailto:Rachel@ddcvs.org.uk) for the meeting link.

### Latest News & Updates:

## England moves to Step 4 from 19 July

While cases are high and rising, everybody needs to continue to act carefully and remain cautious.

Let's not forget:

- Testing when you have symptoms and targeted asymptomatic testing in education, high risk workplaces and to help people manage their personal risk
- Isolating when positive or when contacted by NHS Test and Trace
- Border quarantine: for all arriving from red list countries and for those people not fully vaccinated arriving from amber list countries
- Cautious guidance for individuals, businesses and the vulnerable whilst prevalence is high including:
  - Whilst Government is no longer instructing people to work from home if they can, Government would expect and recommend a gradual return over the summer
  - Government expects and recommends that people wear face coverings in crowded areas such as public transport
  - Being outside or letting fresh air in
  - Minimising the number, proximity and duration of social contacts
  - Encouraging and supporting businesses and large events to use the NHS Covid Pass in high-risk settings. The Government will work with organisations where people are likely to be in close proximity to others outside their household to encourage the use of this. If sufficient measures are not taken to limit infection, the Government will consider mandating certification in certain venues at a later date.

### Community Testing:

*One in 3 of those with COVID-19 do not have any symptoms, meaning that they could be passing on the virus to anyone they meet.*

Community testing is not for those who have coronavirus symptoms. They should [book a test](#) in the usual way.

**Pharmacy Collect:** Collect free test kits from local pharmacy. Using regular rapid testing will help protect those around you. You can [find your nearest pharmacy pick up points](#).

**Home ordering:** You can order free packs of rapid lateral flow tests to be sent to your home. [Order a home test kit online](#).

From July, testing will be carried out at various venues across the county using community testing units.

### In the Derbyshire Dales - **Youlgrave**

Coldwell End Car Park, Coldwell End, Youlgrave DE45 1UY.

Open weekends from 10am to 2pm until 1 August 2021.

## What is the NHS Covid Pass?

An **NHS COVID Pass** shows your coronavirus (COVID-19) vaccination details or test results. This is your COVID-19 status. You may be asked to show your **pass** to get into some events or to travel abroad. Always check the entry requirements for the venue or the country you are visiting.

[Get your NHS COVID Pass letter](#)

### Requesting a NHS COVID Pass Letter

As an alternative to ringing 119 you can request a NHS COVID Pass Letter through the NHS website linked above.

You will answer a few simple questions and then your letter will be posted to you within 5 working days.

This service is for people who:

- Are age 16 or over
- Double jabbed
- Received 2nd vaccine more than 2 weeks ago
- Received both vaccines in England

## Potential COVID-19 booster vaccine programme winter 2021 – 2022

Department  
of Health &  
Social Care

The NHS has been given the green light to start planning a Covid vaccine booster programme in the UK ahead of this winter. A bigger flu season than normal is expected, meaning extra protection against Covid is likely to be needed. More than 30 million of the most vulnerable should receive a third dose, vaccine experts are advising.

They will include all adults aged 50 and over, and anyone over 16 who qualifies for a flu jab. Health service bosses had previously said they needed lots of warning of an autumn Covid-19 booster rollout in order to plan the logistics alongside vaccinating millions of people against flu.

Interim advice from the Joint Committee on Vaccination and Immunisation (JCVI) is that boosters will help maintain protection against Covid-19 and new variants for those most at risk, before winter comes.
